Anshumaan Sharma

"Skilled Software Developer Proficient in Java, Oracle, C++, C, SQL, and PL/SQL" | "Web Development Enthusiast , Aspiring Full Stack Developer Currently Learning and Growing "

Patna, Bihar, India

Summary

"Hello, I am Anshumaan Sharma from Patna,Bihar", a highly motivated individual with a strong educational background and a passion for technology. I completed my schooling up to 10th grade from St. Anne's High School and finished my 12th grade from Premalok Mission School. I continued my academic journey by pursuing a Bachelor's in Commerce from the esteemed College of Commerce and Science, Patliputra University. Also a currently I am persuing Master's in Computer Application through Galgotias University.

Throughout my learning journey, I have honed my skills in various areas, including an advanced diploma in computer applications (ADCA) from Wizard Tech Computer Academy. Additionally, I have delved into various programming languages such as Java, Oracle, HTML, CSS, JavaScript, C++, and C. My expertise extends to database management with MySQL and PL/SQL. I have put my skills into practice by working on several projects, showcasing my ability to tackle real-world challenges with innovative solutions.

Furthermore, I am proficient in using essential business tools like Tally and MS Office, including MS Excel and MS Word. Additionally, I possess creative design skills, having worked with software like CorelDRAW, allowing me to add a touch of visual flair to my projects.

I am now seeking exciting opportunities to apply my knowledge and expertise in a professional setting. As an enthusiastic and adaptable individual, I thrive in collaborative environments and enjoy taking on new challenges. My goal is to contribute positively to an organization while continuously learning and growing in my field.

Feel free to reach out to me if you would like to connect, collaborate, or discuss potential opportunities. Let's make a difference together!"
